

The latest bibliography on science and the public is now available at:  
<http://www.psci-com.org.uk/psicomlit/old.bibliographies/BIBJUL2003.html>.

It is a monthly round-up of books, reports and articles collated by the Wellcome Library (<http://library.wellcome.ac.uk/>). Where freely available, Web links have been provided to the full text document. All the references are publicly available, for reference, in the Wellcome Library. Topics covered include:

- \* Science in society
- \* Public attitudes and participation
- \* Science and art
- \* Science and religion
- \* Science and the media
- \* Science communication
- \* Science education
- \* Science museums and science centres
