

ENTRIA is an interdisciplinary research platform, entitled "Disposal options for radioactive residues: Inter-disciplinary analyses and development of evaluation principles" and supported by the Federal Ministry for Education and Research (BMBF, 02S9082B) for the period 2013-2017.

The Environmental Policy Research Centre (FFU), Freie Universität Berlin, a member of the ENTRIA platform, is researching the governance of radioactive waste storage in Germany and abroad.

GEFÖRDERT VOM

Bundesministerium
für Bildung
und Forschung

Governing Nuclear Waste

Conflicts, Participation and Acceptability

Graffiti in Dortmund, unknown artist (photo: Ana M. Isidoro L.)

Berlin, September 19 - 20, 2016

Harnack-Haus
Ihnestraße 16-20
14195 Berlin

Environmental Policy Research Centre
Freie Universität Berlin

Monday, September 19

8:30-9:15: Registration

9.00 - 9.30: Welcome and introduction (Miranda Schreurs and Achim Brunnengräber)

9.30 - 11.00:

- I. Opening Session: The big picture**
Chair: Miranda Schreurs (FFU, Berlin)
- Yannick Barthe (CNRS/EHESS, Paris): Technical democracy and nuclear waste – On the possibilities for democratic decision making in governing nuclear waste
- Andrew Blowers (The Open University, UK): The Legacy of Nuclear Power and what should be done about it.

Coffee break

11.30 - 13.00:

- II. Historical paths and legacies**
Chair: Jan-Henrik Meyer (University of Copenhagen)
- Karena Kalmbach (Technical University Eindhoven): Everything said and done? The role of the humanities and social sciences in Nuclear Waste Governance
- David Fig (Transnational Institute, Amsterdam): Siting as a (neo)colonial project
- Behnam Taebi (Delft University / Harvard Kennedy School): Experimenting with Nuclear Waste-technology as a social experiment

13.00: Lunch

14.00 - 15.30:

- III. National specificities of a global problem**
Chair: Eckard Rehbinder (Goethe Universität, Frankfurt a.M.)
- Allison Macfarlane (George Washington University, Washington): Scientific uncertainties and political maneuvering – The case of Yucca Mountain

- Anselm Tiggemann (Bundestag, Germany): The elephant in the room – The role of Gorleben in the German nuclear waste debate
- Johan Swahn (MKG - Swedish NGO Office for Waste Review): Becoming the role model? Sweden's quest for a nuclear spent fuel repository

Coffee break

16.00 - 17.30:

- IV. Dealing with conflicts (Part I): Stakeholder Dialogue and Mediation**
Chair: Peter Hocke (ITAS, Karlsruhe)
- Silke Freitag (Mediator "HZG in dialogue", Geesthacht): Consensus-oriented stakeholder dialogue: experiences from Geesthacht
- Gordon MacKerron (SPRU, University of Sussex): Experiences from the "Committee on Radioactive Waste Management"
- Felix Jaitner (University of Vienna): A Global Disposal Site? Perspectives on Radioactive Waste and Spent Nuclear Fuel Management in Russia

Tuesday, September 20

10.00 - 12.00:

Visit of the Research Reactor BER II and the Landessammelstelle Berlin (ZRA) at the Helmholtz-Zentrum Berlin.
N.B.: The number of visitors is limited. Please register by September 1, 2016

13.00: Lunch

14.00 - 16.30:

V. Dealing with conflicts (Part II): Acceptance, Voluntarism and Compensation
Chair: Maria Rosaria Di Nucci (FFU, Berlin)

- Martin Steinebrunner (Deutsche Koordinationsstelle Schweizer Tiefenlager, DKST): The Experience of the Swiss Negotiated Approach
- Philip Johnstone (SPRU, University of Sussex): The evolution of nuclear waste governance in the UK: exploring the broader democratic context
- Anne Bergmans (University of Antwerp): The catch 22 of nuclear communities: How to create room for technical democracy if opting out is not an option?
- Markku Lehtonen (EHESS, Paris): Voluntarism and compensation in French and Finnish nuclear waste governance strategies: A comparison
Daniel Häfner (FFU, Berlin): lessons learned

Coffee break

17.00 - 17.30:

Five years ENTRIA, 30 years FFU and 1 million years of solitude

Lutz Mez (FFU, Berlin): 30 Years Nuclear Energy Research at the FFU

Klaus-Jürgen Röhlig (Technische Universität Clausthal): Five years ENTRIA -Platform

17.30 - 19.00:

Roundtable

Chair: Miranda Schreurs (FFU, Berlin)

Between Science and Politics: The Role of Commissions in Nuclear Waste Governance.

Participants: Allison Macfarlane, Gordon MacKerron, Michael Müller

19.00 - 21.00: Dinner and come together
