Welcome to VUB. Welcome to Brussels!

"During my exchange at VUB in the beautiful, multicultural & diverse city of Brussels I practised theoretical notions we got in class in some highly equipped labs, and I had the chance to put my name on some very interesting engineering projects. I did an internship in Brussels, and graduated as an Aerospace Engineer. Everything I experienced during my exchange will stay with me forever: an exchange is not a semester of your life; it's a life in one semester!"
