Please note the information and instructions on the change of regulations.

You submit the application to the examination committee (chairperson) for approval and then submit it to the examination office, if possible before the start of lectures of the corresponding semester, so that the technical implementation can take place and you can book the corresponding modules in Campus Management during the registration period.

In addition, a notice of crediting the modules already completed for the modules of the 2018 Regulations, approved by the BA Commissioner/dean of studies, must be enclosed.
